-

SOFT SKILLS

Team Collaboration | Problem Solving | Time Management | Effective Communication

CERTIFICATIONS

Java Full Stack Development – Uniq Technologies

PROFESSIONAL EXPERIENCE

UI Developer | React JS

Maticz Technologies Pvt. Ltd., Madurai | May 2025 - Present

- Trusted to independently develop and deliver the company's official career and training platform UI from scratch, demonstrating high ownership and front-end expertise recognized by management.
- Contributed to 10+ client projects, including Galfi, Carigato, Kickwin, Lumina, and Make Plays, delivering high-quality, maintainable code that enhanced UI performance, responsiveness, and overall user experience, earning recognition from clients.

Software Development Intern

Sulekha Pvt. Ltd., Chennai | May 2024 – Aug 2024

- Developed login and home page using HTML, CSS and JavaScript
 - Worked on front-end and back-end development using Web API
-

PROJECTS

Green Exchange

- Engineered a high-performance **React.js** UI for a production-grade DeFi exchange platform, converting complex designs into a clean and user-friendly interface.
- Built **reusable and modular React components** to ensure scalable UI architecture and maintainable code.
- Implemented **Redux Toolkit** for centralized state management and integrated **Axios** for API communication.
- Developed real-time financial charts using **ApexCharts** and **KlineCharts**, integrated with **WebSocket** and **Socket.io** for live market data updates.

BTC Battle Game

- Developed the complete **front-end UI using React.js (Vite)** with modular CSS and efficient state/props management.
 - Built **dual-player crypto-based games** including **HiLo, Coin Flip, Wheel, and Keno**, ensuring responsive and interactive gameplay.
 - Implemented **dynamic routing using React Router** and optimized performance with **React.lazy and Suspense (code splitting)**.
 - Integrated **REST APIs using Fetch API** and created interactive UI using **React Bootstrap, Swiper.js, and AOS animations**.
-
